outer beauty through a projection of self-image and improving physical appearance while seeking harmony, peace and inner balance. With this in mind, the medical spa uses integrated multi-disciplinary practices in order to achieve optimum beauty, both internally and externally.

The appearance you present to the world has far-reaching implications; not only does it affect how others perceive you, but it can literally change how you feel about yourself. The doctors at Pierini Esthetic Surgery understand this, and work in concert with patients to give them the look they have always wanted.

The patients at Pierini Esthetic Surgery find comfort in the trust they develop while working with the renowned and highly touted cosmetic surgeons. The doctors and staff offer a level of care and patient satisfaction that can only be achieved through one-on-one, patient-to-doctor dialogue. The doctors see themselves as artistic surgeons whose goal it is to bring the vision of the patient from conception, through maturation, and into reality.

As an esthetic surgery center that facilitates every step of the process in one location, from consultations and pre-surgical treatment to the surgery itself and post-surgical treatment, Pierini specializes in plastic surgery operations ranging from rhinoplasty (nose reconstruction), to breast augmentations, to liposuction and more. In addition,

the spa also offers medical esthetic services such as laser treatments, injectable fillers and microdermabrasion, as well as nutrition consultations and weight loss and western herbal medicine services. Various massage modalities; facials and hair and beauty services are available as well. The 14,000-square-foot spa features 10 treatment rooms and carries a variety of product lines including Pierini skin care, Obagi, Latisse, Ice Mask, SinEcch and Novavit.

The highly trained surgeons and staff at Pierini Esthetic Surgery combine the highest level of expertise and professionalism with the belief that the client is the most important person in the practice. Whatever procedure the client may be considering, the staff understands that they have a unique vision of the outcome and are making a decision that is personal and well thought out. Pierini takes the time to understand the client's goals in order to deliver the best possible outcome. They also provide all the information needed, to ensure the client has a realistic idea of the results they can expect.

At the client's customized consultation for cosmetic surgery, the doctors thoroughly review the patient's goals and advise on the procedure, which would, best meet their needs. During this tailored, one-on-one meeting, the doctor will also show a computerized method for analyzing exactly where, and how, the procedure can enhance the body or face. This consultation is also an opportunity for the client to ask any questions or share concerns.

At Pierini Esthetic Surgery, a broad range of surgical cosmetic procedures is offered, including breast augmentation, liposuction, facelift, rhinoplasty and tummy tuck. Specialist skills are also offered in the increasingly popular Brazilian butt lift procedure. Pierini harnesses the very latest advances in non-surgical treatments to give the best solutions for body and face. They also use multi disciplinary practices – such as massages, facials, body wraps and reflexology – to achieve optimal beauty, both inside and out.
